

# HBA of Central New Mexico Insurance Program

---

The Home Builders Association of Central New Mexico is proud to offer stable commercial insurance options for its members through its Program Manager, Western Pacific Insurance Network, Inc (WPIN). WPIN is a Denver-based insurance wholesaler that specializes in insurance products and programs for the residential construction industry.

Through this program, HBA of Central New Mexico builder members can receive SEVERAL highly competitive General Liability insurance options with premium credits available. Its intent is to promote insurance competition for members, assist the HBACNM in developing a long term, stable insurance program, and generate non-dues revenue for the HBA. Also available to members is Builder's Risk Insurance, Pollution Liability, Professional Liability, and Vacant Property Insurance.

## Current Agents Involved

The HBA of Central Mexico and Western Pacific's program is marketed exclusively through local HBA of Central New Mexico member insurance agents. Current member agencies contributing to the program include:

**Western Assurance**
